

16 in. Oil Filter Pliers

PRODUCTS > AUTO SERVICE TOOLS > ENGINE SERVICE

For filters up to 5-1/2 inches in diameter, choose the TEKTON 16 in. Oil Filter Pliers. The three-position slip joint design quickly and easily adjusts to size. For a sure grip on slippery, oil-covered filters, large teeth are set at a right angle so that they bite in either direction. Long handles with soft, nonslip grips offer extra reach and leverage in tight places to go where band-style wrenches can't.

Specifications:

- Fits oil filters up to 5-1/2 inches in diameter
- Three-position slip joint design quickly adjusts to size
- Right-angle teeth grip while turning in either direction
- Long handles reach into tight spaces
- Soft, comfortable grips offer nonslip control
